1. Introduction

The **Bahra Electric RFP Portal** is a web-based system that automates the management of Requests for Proposal (RFPs) across multiple supplier portals. It handles downloading RFPs from company portals, matching materials and keywords, submitting or declining RFPs, and sending email notifications — all from a single dashboard.

What you can do with this portal:

- View all downloaded RFPs organized by company and status
- Submit or decline RFPs with automated portal interaction
- Track material and keyword matches for each RFP
- Monitor automation runs and review activity logs
- View analytics and participation reports
- Download RFP Excel files for offline review
- Receive email notifications with interactive Adaptive Cards

Supported Companies:

- Saudi Electricity Company
- Aramco e-Marketplace
- SABIC - Saudi Basic Industries Corp.
- HADEED - RAJHI STEEL

Browser Requirements: Google Chrome (latest version recommended), Microsoft Edge, or Firefox.

2. Getting Started

2.1 Logging In

1. Open the RFP Portal URL in your browser.
2. You will see the **Login** page with the Bahra Electric logo and "RFP Automation System" heading.
3. Enter your **Email** address in the email field.
4. Enter your **Password** in the password field.
5. Optionally, check **Remember me** to stay signed in.
6. Click **Sign In**.

[SCREENSHOT: Login Page — showing the login form with email field, password field, Remember me checkbox, and Sign In button]

After logging in, you will be redirected to the **Dashboard** page.

2.2 Forgot Password

If you forget your password:

1. On the Login page, click "**Forgot password?**" (located to the right of the Remember me checkbox).
2. A dialog will appear asking for your email address.
3. Enter the email associated with your account.
4. Click **Send Reset Link**.
5. Check your email inbox for a password reset link.
6. Click the link in the email and follow the instructions to set a new password.

[SCREENSHOT: Forgot Password Dialog — showing email input and Send Reset Link button]

2.3 Navigation Overview

After logging in, you will see two main areas:

Left Sidebar — Your main navigation panel. It contains:

Section	Items	Description
Menu	Dashboard	Main overview with RFP metrics and management
	RFP Insights	Detailed RFP data with advanced filters
	Material Insights	Material and keyword matching analysis
	Activity Logs	Automation run history and details
Quick Actions	Download RFPs	Trigger RFP download from company portals
	Submit RFP	Submit an RFP with file uploads
	Decline RFP	Decline participation in an RFP
Status	Automation	Shows whether automation is Ready or
Footer	Status	Running

The sidebar can be **collapsed** by clicking the arrow icon at the top-right corner of the sidebar, and expanded again by clicking the expand arrow. When collapsed, hovering over icons shows tooltip labels.

Top Header — Displays the page title, description, and page-specific action buttons (e.g., "View All RFPs").

[SCREENSHOT: Full Portal Layout — showing the sidebar (expanded) with all menu items, quick actions, and the main content area with the Dashboard]

[SCREENSHOT: Sidebar Collapsed — showing the compact sidebar with just icons]

3. Dashboard

The Dashboard is your home page and provides a quick overview of all RFP activity.

3.1 Metric Cards

At the top of the page, you will see four summary cards:

Card	Description
Total Downloaded RFPs	Total number of RFPs downloaded from all portals
Submitted	Number of RFPs that have been submitted
Declined	Number of RFPs that have been declined
Last Automation	Timestamp of the last automation run

Tip: Clicking on the Total, Submitted, or Declined cards navigates to the **RFP Insights** page with the corresponding filter pre-applied.

[SCREENSHOT: Dashboard Metric Cards — showing the four cards with sample numbers]

3.2 RFP Management Section

Below the metrics, you'll find the main **RFP Management** area. This is organized in two levels of tabs:

Company Tabs (top row): Each tab represents a company (e.g., "Saudi Electricity Company", "Aramco e-Marketplace"). A badge next to each company name shows the total number of active RFPs for that company.

Status Sub-Tabs (second row): Within each company tab, RFPs are split by status:

Status Tab	Badge Color	Meaning
Open	Amber	RFPs awaiting action — can be submitted or declined
Submitted	Green	RFPs already submitted to the portal
Draft	Gray	RFPs saved as draft on the portal
Declined	Red	RFPs where participation was declined

[SCREENSHOT: RFP Management Section — showing company tabs at top, status sub-tabs below, and the RFP table with sample data]

3.3 RFP Table

Each status tab shows a table with the following columns:

Column	Description
RFP ID	Unique identifier. Click to open the RFP on the external portal (opens in a new tab).
Owner	The RFP owner name from the portal.
Published	Date the RFP was published.
Deadline	RFP submission deadline date.
Match %	Material match percentage — how well this RFP matches your company's materials.
Status	Current status badge (Open, Submitted, Draft, Declined).
Actions	Action buttons available for this RFP.

Match % Column Details:

The Match % shows a color-coded badge and a mini progress bar:

Color	Range	Meaning
Green	80% and above	Strong material match
Amber	50% – 79%	Moderate match
Red	Below 50%	Weak match

Hover over a row and click the **eye icon** next to the Match % to view a detailed **Material Breakdown** dialog showing exactly which materials matched.

Available Actions by Status:

Status	Actions
Open	Submit button, Excel download button
Submitted	Excel download button
Draft	Mark Submitted button, Excel download button
Declined	Excel download button

[SCREENSHOT: RFP Table Row — showing an Open RFP with Match % badge, eye icon, and Submit/Excel buttons]

3.4 Sync Portal

Click the **Sync Portal** button (top-right of the RFP Management section) to refresh data from the company portals. This fetches the latest RFP statuses and updates the dashboard.

4. Key Workflows

4a. Submit an RFP

You can submit an RFP in two ways:

Method 1: From the Dashboard table

1. Navigate to **Dashboard**.
2. Select the company tab, then the **Open** status tab.
3. Find the RFP you want to submit.
4. Click the **Submit** button in the Actions column.
5. The Submit RFP dialog opens with the RFP ID pre-filled.

Method 2: From the Sidebar Quick Action

1. Click **Submit RFP** (green button) in the sidebar's Quick Actions section.
2. The Submit RFP dialog opens with a blank RFP ID field.

Submit RFP Dialog Steps:

1. **RFP ID** — Enter or confirm the RFP ID. The system validates it automatically:
 - A green checkmark appears if the RFP is found in the database.
 - A red error appears if the RFP is not found (it must be downloaded first).
2. **Company** — Auto-populated based on the RFP record. This field is locked when the RFP is validated.
3. **Upload Excel File** (required) — Click the dashed upload area to select your filled RFP Excel file (.xls or .xlsx).

4. **Technical PDF Files** (optional) — Click to upload one or more PDF files (Technical Data Sheets). You can remove uploaded PDFs by clicking the X button next to each file.
5. Click **Submit RFP** to start the automation.

The system will:

- Upload files to SharePoint
- Navigate to the company portal
- Fill in the submission form
- Upload the Excel and technical files
- Save the RFP as a draft on the portal

A success notification will appear when the process starts. You can track progress via the **Automation Status** indicator in the sidebar footer.

[SCREENSHOT: Submit RFP Dialog — showing RFP ID with green checkmark, auto-filled company, Excel upload area with a file selected, and PDF upload area]

4b. Decline an RFP

1. Click **Decline RFP** (red button) in the sidebar's Quick Actions section.
2. The Decline RFP dialog opens.
3. **RFP Title** — Enter the exact RFP title. The system validates it:
 - Green checkmark = RFP found.
 - Red error = RFP not found in the database.
4. **Company** — Auto-populated and locked after validation.
5. Click **Decline RFP** (red button) to confirm.

The system will navigate to the portal and decline the RFP. A success notification appears when the process starts.

[SCREENSHOT: Decline RFP Dialog — showing RFP Title field with validation, company dropdown, and Decline RFP button]

4c. Download RFPs

1. Click **Download RFPs** (blue button) in the sidebar's Quick Actions section.

2. The Download dialog opens with two options:
 - **All Companies** — Download from all configured company portals.
 - **Specific Company** — Select a single company from the dropdown.
3. Review the information about what the automation will do.
4. Click **Yes, Start Download** to begin.

The automation will:

- Navigate to the selected company portal(s)
- Scrape RFP listings and download RFP files
- Save information to the database
- Send email notifications for new RFPs found

[SCREENSHOT: Download RFPs Dialog — showing company dropdown set to "All Companies" and the confirmation details]

4d. Download RFP Excel File

To download the Excel file for any individual RFP:

1. Find the RFP in the Dashboard table (any status tab).
2. Click the green **Excel** button in the Actions column.
3. The file will download to your browser's default download location.
4. A success notification confirms the download.

4e. Respond to RFP Email (Adaptive Card)

When a new RFP is found, team members receive an email notification in **Microsoft Outlook** with an interactive **Adaptive Card**.

How to respond:

1. Open the email notification in Outlook. You will see:
 - RFP details (ID, company, deadline)
 - A table listing all assigned team members (your name is highlighted)
 - Input fields for **Results** and **Remarks**
2. Fill in your **Results** (your assessment or bid information).
3. Fill in your **Remarks** (any additional notes or comments).
4. Click the **Submit** button within the email card.

5. The card updates in-place to show your submission was recorded.

What happens next: Once all team members have submitted their responses, a consolidated summary email is automatically sent to the configured stakeholders.

[SCREENSHOT: Outlook Adaptive Card Email — showing the RFP details, team member table with highlighted row, Results/Remarks input fields, and Submit button]

[SCREENSHOT: Adaptive Card After Submission — showing the updated card with confirmation message]

5. RFP Insights

Navigate to **RFP Insights** from the sidebar menu. This page provides a detailed, filterable view of all RFPs across all companies.

5.1 Stats Overview

Five stat cards at the top show:

Stat	Description
Total RFPs	All RFPs in the system
Submitted	RFPs that have been submitted
Declined	RFPs that were declined
Not Participant	RFPs with no participation action taken
Open	Currently open RFPs

5.2 Advanced Filters

The filter panel lets you narrow down RFPs using multiple criteria:

Filter	Options
Status	All, Open, Submitted, Declined, Not Participant

Filter	Options
Company	Dropdown populated from your data
Start Date / End Date	Date range pickers
Material Match	All, Matched, Not Matched
Keyword Match	All, Matched, Not Matched
Participation	All, Participated, Not Participated, Declined
Search	Free-text search by RFP ID, company, or owner

Click **Apply** to filter the results. Click **Reset** to clear all filters.

5.3 Column Visibility

Click the **Column Visibility** dropdown (gear icon) to toggle which columns appear in the table. Your selection is saved automatically and persists across sessions.

5.4 Results Table

The table displays filtered results with infinite scroll — as you scroll down, more rows load automatically. Each row shows:

- Status badge with icon
- Participation status
- Portal link button (opens RFP on the external portal)
- Download Excel button

[SCREENSHOT: RFP Insights Page — showing the stats overview, filter panel with some filters applied, and the results table]

6. Material Insights

Navigate to **Material Insights** from the sidebar menu. This page analyzes how your company's materials and keywords match against RFPs.

6.1 Stats Overview

Four stat cards show:

- **Unique Materials** — Number of distinct material codes in the system
- **Unique Keywords** — Number of distinct keywords tracked
- **RFPs with Matches** — How many RFPs had at least one material or keyword match
- **Submitted RFPs** — How many matched RFPs were submitted

6.2 Tabs: Materials vs Keywords

Toggle between two views using the tabs:

- **Materials** — Analysis by material code
- **Keywords** — Analysis by keyword

6.3 Charts

Depending on the selected tab:

- **Bar Chart** — Top 10 Materials (or Keywords) ranked by RFP count
- **Pie Chart** — Keyword frequency distribution (visible on Keywords tab)

6.4 Filters

Filter	Options
Company	Filter by specific company
Participation	All, Submitted, Declined, Open
Search	Search by material code or keyword

6.5 Expandable Table

The main table shows materials or keywords as parent rows. Each row shows:

- Code/Keyword, Description, RFP Count, Companies, Submitted Count

Click the **expand arrow** on any row to reveal the individual RFPs that matched:

- RFP ID, Company, Deadline, Match Method (Exact or Keyword), Participation status

The table supports infinite scroll for large datasets.

[SCREENSHOT: Material Insights Page — showing the stats cards, tab selection, bar chart, and expandable table with one row expanded]

7. Activity Logs

Navigate to **Activity Logs** from the sidebar menu. This page shows the history of all automation runs.

7.1 Statistics Cards

Four clickable cards at the top:

- **Total Runs** — All automation runs
- **Completed** — Successfully completed runs (click to filter)
- **Failed** — Runs that encountered errors (click to filter)
- **Running** — Currently active runs (click to filter)

7.2 Controls

- **Search box** — Search by RFP ID, action, or run ID
- **Page size selector** — Choose how many logs to show (50, 100, 200, or 500)

7.3 Run Cards

Each automation run is displayed as a card with:

- **Left color bar**: Green = Completed, Red = Failed, Blue = Running
- **Status icon**: Checkmark, X, or spinner

- **RFP ID and status badge**
- **Action name** (e.g., Download, Submit, Decline)
- **Start/End time**
- **Step progress** (e.g., 5 success / 0 failed / 5 total)
- **View Details** button

7.4 Run Detail Modal

Click **View Details** to open a modal with three tabs:

Timeline Tab: A vertical timeline showing each step of the automation:

- Timestamp, action type, status, and details for each step
- Color-coded dots: Green = success, Red = failure, Gray = skipped

Error Report Tab: If the run encountered errors, this tab shows:

- Error type and summary
- Context information
- Full traceback
- Suggested actions to resolve

Screenshots Tab: If the automation captured browser screenshots during failure, they are displayed here for visual debugging.

[SCREENSHOT: Activity Logs Page — showing the stats cards, a mix of completed and failed run cards]

[SCREENSHOT: Run Detail Modal — showing the Timeline tab with a vertical timeline of steps]

8. Analytics

Navigate to **Analytics** from the sidebar menu (under Administration, if you have permission). This page provides visual charts and interactive drill-downs.

8.1 Key Metrics

Four cards at the top:

- **Total RFPs** — All RFPs in the system
- **Submitted** — Submitted count with participation rate percentage
- **Material Matched** — Count and percentage of RFPs with material matches
- **Keyword Matched** — Count and percentage of RFPs with keyword matches

Tip: Click any metric card to navigate to RFP Insights with the relevant filter applied.

8.2 Interactive Charts

The page displays four charts in a 2-column layout:

Chart	Type	What It Shows
RFP Status Distribution	Donut chart	Breakdown by Submitted (green), Open (amber), Declined (red)
Top 5 Companies	Horizontal bar chart	Companies ranked by RFP count
Material Matching	Donut chart	Material Matched vs Not Matched
Keyword Matching	Donut chart	Keyword Matched vs Not Matched

Drill-Down: Click on any chart segment or bar to navigate to the RFP Insights page with the corresponding filter pre-applied.

8.3 Participation by Company

Below the charts, a horizontal stacked bar chart shows participation breakdown per company:

- **Participated** (green), **Not Participated** (gray), **Declined** (red)

Click any segment to drill down to the corresponding filtered view.

[SCREENSHOT: Analytics Dashboard — showing the metric cards and four interactive charts]

9. Profile Settings

Navigate to **Profile** by clicking your profile icon in the header or navigating to the profile page.

9.1 Update Profile Information

The Profile Information card shows:

- **Display Name** — Editable. Change your name and click **Save Changes**.
- **Email** — Read-only. Contact an administrator to change your email.
- **Mobile Number** — Optional. Add or update your phone number.
- **Role** — Read-only. Shows your assigned role (e.g., RFP Bidder).

9.2 Change Password

The Change Password card has three fields:

1. **Current Password** — Enter your existing password.
2. **New Password** — Enter a new password that meets these requirements:
 - Minimum 8 characters
 - At least one uppercase letter
 - At least one number
3. **Confirm New Password** — Re-enter the new password.

Click **Change Password** to update. A success notification confirms the change.

[SCREENSHOT: Profile Settings Page — showing the Profile Information card and Change Password card]

10. Automation Status Indicator

The bottom of the sidebar shows the **Automation Status**.

When idle (Ready):

- A green dot with the text "Ready" appears
- This means no automation is currently running

When running:

- The indicator changes to yellow/amber with "Running" text and an animated pulse
- A progress bar appears showing the percentage complete
- Detailed progress shows which operation is running:
 - **Download:** Shows current/total count and the current item being processed
 - **Submit:** Shows processing status message
 - **Decline:** Shows processing status message

Important: While automation is running, the corresponding Quick Action button in the sidebar is disabled (grayed out) to prevent duplicate runs. You can continue using other parts of the portal normally.

When the sidebar is collapsed, the automation status is shown as a small colored dot (green = Ready, amber = Running). Hover over it to see details.

11. Quick Reference

Status Colors

Status	Color	Badge Style
Open	Amber/Orange	Amber background, amber text
Submitted	Green	Green background, green text
Draft / Saved Draft	Gray	Gray background, gray text
Declined	Red	Red/Rose background, red text

Match % Thresholds

Range	Color	Meaning
80% and above	Green	Strong match — high relevance

Range	Color	Meaning
50% – 79%	Amber	Moderate match — review recommended
Below 50%	Red	Weak match — low relevance
No data	Gray dash	No material match data available

Quick Action Buttons

Button	Color	Action
Download RFPs	Blue gradient	Opens download dialog to scrape RFPs from portals
Submit RFP	Green gradient	Opens submit dialog to upload files and submit
Decline RFP	Red outline	Opens decline dialog to decline participation

Automation Run Statuses (Activity Logs)

Status	Indicator	Meaning
Completed	Green bar + checkmark	Run finished successfully
Failed	Red bar + X icon	Run encountered a fatal error
Running	Blue bar + spinner	Run is currently in progress

Supported Companies

Company	Portal
Saudi Electricity Company	SEC procurement portal
Aramco e-Marketplace	Aramco procurement portal
SABIC - Saudi Basic Industries Corp.	SABIC procurement portal
HADEED - RAJHI STEEL	HADEED procurement portal

12. Troubleshooting & FAQ

"I can't log in"

- **Check your credentials:** Make sure you're using the correct email and password.
- **Account locked:** After 5 failed login attempts within 5 minutes, your account is locked for 30 minutes. Wait and try again, or contact your administrator to unlock it.
- **Password expired:** Passwords must be changed every 90 days. Use the Forgot Password link to reset.

"The dashboard shows no data"

- **First time?** Click the **Download RFPs** button in the sidebar to download RFPs from the portals.
- **Data stale?** Click the **Sync Portal** button in the RFP Management section header to refresh.
- **Check Activity Logs** to see if a download automation has run recently.

"RFP submission failed"

- Go to **Activity Logs** and find the failed run.
- Click **View Details** and check the **Error Report** tab for the error message.
- Common causes: portal was unavailable, file format was incorrect, or session timed out.
- If the issue persists, contact your administrator.

"I don't see certain menu items"

- Menu items are based on your **role and permissions**. RFP Bidder users may not see admin sections like Users, Roles, or Audit Logs.
- If you need access, contact your administrator to update your role permissions.

"My session expired"

- Sessions time out after **2 hours** of activity or **30 minutes** of inactivity.
- You will be redirected to the login page. Simply log in again to continue.
- Your unsaved form data (e.g., in a Submit dialog) will be lost — complete submissions promptly.

"The Submit/Decline button is grayed out"

- This means the corresponding automation is already running. Check the **Automation Status** indicator at the bottom of the sidebar.
- Wait for the current operation to complete before starting a new one.

"I entered an RFP ID but got an error in the Submit/Decline dialog"

- The message "RFP not found in database" means the RFP must be **downloaded first** before it can be submitted or declined.
- Use the **Download RFPs** action to download it, then try again.

"Excel download is not working"

- Ensure your browser allows file downloads and pop-ups from the portal URL.
- Check if the RFP has an associated Excel file — some newly downloaded RFPs may not have files yet.

"How do I know if my Adaptive Card response was saved?"

- After clicking Submit in the Outlook Adaptive Card, the card should update to show a confirmation message.
- If the card doesn't update, check your internet connection and try again.
- Your responses are saved in the system — check with your administrator if unsure.
